

ansarada

Introducing **Ansarada**, the online data room experts

The Ansarada team is experienced and trusted by leading advisory firms and listed companies alike. Our record results are built upon smart technology, speed of service and reliability. We strive to design and provide our clients with highly efficient data rooms that deliver unmatched functionality without sacrificing simplicity and security.

Our approach, as a specialist is centred on creating value for our clients so that your resources can become invested effectively in expertise not administration.

Fast, flexible technology to streamline projects

Ansarada's virtual data room facilities are used to accelerate, secure and simplify projects such as M&A transactions, fund raising or any other collaborative process.

Ansarada allows you to:

- Efficiently manage and track the flow of sensitive information, accelerating project times
- Control all information online anytime, anywhere
- Boost security and compliance with dynamic controls and audit trails over user access and document security
- Increase competitive tension between bidding parties (M&A)
- Meet compliance and disclosure obligations with ease
- Tailor functionality to suit your exact needs

"Ansarada's data rooms are easy for all parties to use, which in turn reduces workloads and accelerates the process, compared to physical data room's or other alternatives."

Ben Keeble, Managing Director, CVC Asia

Ansarada: trusted partner to the world's leading firms

Ansarada is the online data room supplier of choice to the world's leading legal, advisory and private equity firms.

- KPMG
- Gilbert + Tobin Lawyers
- UBS Investment Bank
- Deloitte Touche Tomatsu
- Pacific Equity Partners
- Minter Ellison Lawyers
- Blake Dawson Lawyers

Ansarada's data rooms have powered some of the worlds most complex and confidential M&A transactions, such as the \$5.5 billion AUD recapitalisation of Publishing and Broadcast Limited's (PBL) flagship media assets, the Nine Network and ACP Magazines. Avoid compromises and experience the benefits - make the move to Ansarada for your next project.

"Through Ansarada, we have a demonstrably better system than anything we could have developed in house for a cost that only switches on when we need it. Ansarada gives us the capability of much larger law firms without the capital investment."

Andrew Bullock, Partner, Gilbert + Tobin Lawyers

Ansarada's data room facilities are user driven and user friendly, allowing all participants to get straight to work. Our data rooms are available anywhere in the world via a familiar web browser. There are no plug-ins or downloads to install – which means participants need no training, only a user name and log in.

"Time was a critical factor. We gave ourselves just two weeks to complete a multi-million dollar divestment, and using Ansarada ensured our timetable didn't slip."

Kenn Johnson, Commercial Manager, Boral Transport

Ansarada's data room reports capture what really matters: everything.

Ansarada data rooms offer a suite of tailorable granular reports across all users, documents and Q&A activities. Real time reports means real time intelligence.

The benefits of independent legal grade reports extend beyond providing intelligence, they also go hand in hand with security, compliance and proof of disclosure. With the ability to retrieve and archive any report at any time, you can conduct business stress free and confidently in an Ansarada data room.

"I found Ansarada's online data room easy-to-use. Even our client, who has used online data rooms many times before, commented on Ansarada's user-friendliness."

Special Counsel, Sparke Helmore Lawyers

Collaborate in confidence

With Ansarada you maintain total control of the data room process. Our online data rooms are flexible and easy to administer – drop down menus and mouse clicks give you total control of users, documents, reports and Q&A.

Ansarada's security is persistent and multi-layered. Our state-of-the-art security set includes Adobe's award winning LiveCycle Rights Management® to protect the authenticity of a document, the integrity of its content, and the confidentiality of the communication.

With functionality purpose built from the ground up our data rooms are feature rich. The entire facility caters to the nature of every serious project manager; the need to be in control and the desire for efficiency.

Ansarada is an experienced and trusted data room specialist providing powerful virtual data room facilities protected by the highest levels of security. Ansarada's customisable data rooms are powered by sophisticated technology that accelerates projects enabling controlled access by multiple users to sensitive information securely and simply via an internet browser from anywhere in the world.

Best practice technology without the capital investment

Ansarada's unique "Software as a Service" (SaaS) delivery model allows clients full accessibility on demand.

By delivering our application securely over the internet, you are guaranteed the latest advances in security and technology innovations without the capital investment in sophisticated IT systems, staff and hardware.

A customisable data room to meet your specific requirements

We create highly customised online data room facilities that are purpose built to meet your unique needs and specific transaction requirements. This may include small details like custom branding the layout, colours and logo of your data-room, or extend to major capabilities like advanced security requirements or a tailored Q&A facility.

"Ansarada adjusts and tailors their software to client feedback , and it shows. The strength of Ansarada's Q&A facility is unrivalled."

Executive, KPMG Corporate Finance

Value for money

Ansarada fees are flexible and tailored according to the size and duration of each project. There are no subscription fees or upgrades to purchase, and no per user or feature-based charges.
